Randolph, Ladner to vie in superintendent run-off

By BRENT MACEY

A final run-off election between Terrell H. Randolph and Eugene E. Ladner will be required to determine the future Hancock County School District Superintendent.

According to unofficial ballot counts Saturday, Randolph led a field of five candidates with 1,093 votes of a total 2,590 votes cast during the special election to fill the post vacated by former Superintendent Billy D. Sills after he pleaded guilty to a charge of fraud embezzlement.

Ladner unofficially totalled 481 votes. Barney Nacaise was a close contender for the run off slot with 453 votes.

Roger James polled 369 votes with Kenneth G. McCarty totalling 194.

After announcing that the totals are unofficial, Hancock County Circuit Clerk Henry Otis told a packed board room in the Courthouse that an official count will be determined when election commissioners meet on Monday.

The run-off election will be conducted Saturday, Sept. 25.

Randolph said he was 'happy the way it went.'

"I want to congratulate the candidates on the way they conducted the

race.

"I was disappointed with such a low turn out for such an important race,"

he added.

Cadet operator pursuing dockside ice manufacturer

By WAYNE DUCOMB JR.

The operator of the Bayou Cadet Marina concession building is negotiating with a New Orleans firm which is interested in building an ice plant at the Hancock County fishermen's dock area.

Kenny May told the County Port and Harbor Commission at a Thursday night meeting about negotiations with the company which is interested in leasing a portion of the dock area to provide ice for commercial and sport fishermen.

The commission owns the Cadet dock area which is leased to the Gulf Fishermen's Association which subleases the concession area and 90 percent of the dock to May and his wife, Irma.

The one-year sublease at a rate of \$100-per-month beginning in June 82 was retroactively approved and entered into the commission's minutes Thursday night.

Ronnie Ferrell of the association also attended the meeting and recommended the commission accept the agreement.

L and E, Inc. of Pass Christian, a company headed by Elliot Casanova of

that city, had planned to construct an ice plant at the marina last year and leased property from the commission on a channel near the dock area.

W. Wilson Webre, commission executive director, reported L and E has not produced a monthly lease payment since March or performed any site preparation work for the planned plant building.

He recommended the commission terminate the agreement.

But the commission accepted a recommendation by Gerald Gex, a commission attorney, to file formal lease cancellation documents in District One Justice Court since no cancellation clause is included in the agreement with L and E.

Regarding the plant proposed by the New Orleans firm, Kenny May clarified that the facility would not be located at the L and E site, but along side the loading dock for convenience of customers.

Ferrell also reported Cadet channel maintenance dredging by the U.S. Army Corps of Engineers is proceeding well and the dredging barge has moved into the bayou itself.

In addition, the association represen-

tative said a wooden deck area at the marina will be replaced with a concrete walkway and a trash pile nearby was removed by County District One crews.

Ferrell requested the commission remove a hog-wire fence and spread shell in that area to expand parking at the Cadet boat launching area.

He explained that on weekends the area is jammed with automobiles and trailers which block the launch area.

Webre agreed to direct commission employees to inspect the area.

In other business at the 7:30 p.m. regular meeting at the commission's offices on Hwy. 603 in Waveland, the board:

—Objected to a State Department of Archives and History recommendation to enter the Claiborne Archaeological Site at Port Bienville Industrial Park in the Federal Register of Historic Places.

The commission objected to the recommendation because the department did not provide accurate information regarding the location of the site;

—Discussed a proposal by Claude Green Railroad Repair Co. for regular maintenance and weed control along the Port Bienville Short Line

Hancock board discusses teacher sick leave policy

By BRENT MACEY

Four teachers representing each school in the Hancock County School District told school board members Friday what additions they wanted included in a sick leave policy currently being amended.

Board members had requested the teachers discuss the sick leave policy with them before an existing policy is amended and finalized.

No action concerning that policy was taken at the Friday meeting.

Bonnie Allison, who was elected to represent teachers at Gulfview Elementary School, requested the differentiation between sick leave and personal leave be abolished.

The existing policy allows seven sick days and two personal days annually.

Allison requested that terminology be changed to allow teachers nine days of 'leave'.

She also requested that no limit be established on the amount of leave which a teacher can accumulate.

Currently the policy allows teachers to accumulate 30 sick leave days. Personal days cannot be accumulated.

After the discussion with the school board, Allison noted that the teachers would not be required to submit any

doctor's excuse if no distinction is made between sick leave and personal leave. "We're old enough to know when we

Currently teachers are requested to submit a doctor's excuse for each day they are absent. Students are requested to bring in a doctors excuse after five days, she said.

Wilda McNatt, of Hancock North Central High School, requested seven days of leave be allowed to be accumulated each year.

Shirley Shaw of Hancock North Central Elementary asked if group insurance would still be in affect if a teacher is granted an extended sick leave and is still paying premiums.

Board members at first replied yes. However they then agreed they were not absolutely certain and would check the policy.

Board President Monvel Cuevas noted the board would not attempt to answer questions at the Tuesday meeting but would review any questions the teachers had at that time and discuss them in the future before any policy is formulated.

He said the teachers would be allowed to attend the meeting in which the

LANDMARK LOST FOREVER—Shadows cast by late afternoon sunlight accent the former St. Henry's Catholic Church at the Longfellow and Chapman Road intersection near Waveland in a recent photograph. The church burned to the ground early Thursday morning. Robert Henley, church caretaker for the last several years and a retired master wood craftsman of Shoreline Park, reports the original portion of the church was built in 1910 near Edwards Bayou and moved to its

present location in 1927. A rear section of the church, shown in the left background, was the former Bayou LaCroix Church which was moved in the early 1960's when the National Space Technology Laboratories acoustic buffer zone was established in that area, Henley explained. He said in recent years the church has been the target of vandals and thieves. Henley sadly adds new ceiling fans were recently installed in the church. (Photo by Bob Hubbard)

CHURCH BURNS—Flames consume structural frames of St. Henry's Catholic Church at the Longfellow and Chapman Road intersection near Waveland early Thursday morning. Ed Friloux of the Hancock County Sheriff's Department Arson Investigation Squad Friday said the fire was reported at 2:50 a.m. by Bay St. Louis policemen who spotted the fire's glow from the Longfellow and US-90 intersection. Bill Field Jr., East Hancock Volunteer Fire Department administrative chief, Friday said that department along with the Waveland and Bay St. Louis Fire Departments responded to the scene, but found the back of the church completely consumed by

flames and the remainder of the building billowing black smoke which indicated the fire had spread throughout the structure. In light of that discovery, the Diamondhead Fire Department tank truck en route was directed to return to the station, he reported. He said units at the scene insured the blaze did not spread and a Waveland unit stood by the former Oaklands Restaurant to insure sparks falling from the sky in a firestorm created by the inferno would not ignite that structure. Field reported the church burned in about 40 minutes, but East Hancock firefighters stayed at the scene until about 8 a.m. (Photo by Jay Marsh)

RESULT OF ARSON—Smoke rises from the smoldering debris of St. Henry's Catholic Church at the intersection of Longfellow and Chapman Roads near Waveland Thursday morning. The church burned to the ground earlier that day, but its bell, placed on a pedestal behind the building several years ago, appears to defiantly stand amid the rubble. Ed Friloux of the Hancock County Sheriff's Department Arson Investigation Squad Friday said arson is cited as cause of the five-alarm blaze based on an ongoing intense investigation by the squad and Deputy State Fire Marshal Norman Cowart of Wiggins. Friloux also noted suspects are being questioned in

the probe. Several emotionally stunned church members arrived at the scene Thursday to sadly gaze at the ashes and twisted tin roofing which once was their spiritual oasis. Rev. William Voller, pastor of St. Clare Catholic Parish which includes St. Henry, Friday said the old pine and cypress church was under-insured due to its age and a lack of a full-time fire department in that area. Although the church can not be reconstructed as it was before, a new church will be built, he revealed. But Voller said the new church might be built at another location in the area. the race, stating, "I thought it was a pretty good race and it was a clean one."

Final unofficial counts were totaled by 7:45 p.m. Saturday.

At approximately 7:15 p.m. news reached the board room that an accident had occurred while Susan Ladner, a poll attendant in the Standard Precinct and the daughter-in-law of Election Commissioner John V. Ladner, was driving to the courthouse with a ballot box from that precinct.

Necaise and a passenger Judy Rawls, both of the Standard Community, were reportedly brought to Hancock General Hospital.

John V. Ladner said later Saturday evening that Mrs. Ladner was struck by a rescue vehicle from Diamondhead near Cuevas Junction on Hwy. 603.

The conditions of either woman were not known as of press time.

The box, heavily dented and stained with blood, was apparently transported to the board room by a sheriff's deputy and tabulated.

HOMELESS KITTENS—These four five-week-old kittens were discovered on the side of Felicity Street in Bay St. Louis recently after they scratched their way out a sealed plastic garbage bag which the former owner left on the side of the road. The kittens are free to right owner. For information call 467-6057. (Staff photo by Brent Macey)

A 24-year-old Bay St. Louis man was listed in good condition Saturday in Hancock General Hospital after he was stabbed Wednesday on the 400 block of Sycamore Street in Bay St. Louis.

Money Talk By Norine Barnes

How do you rate as a money manager? Some people seem to have a natural instinct for making their spending and income match. Other people have no problem earning money, but fail to spend it wisely. They can't seem to resist buying more and more, even when they can't afford it. To rate your money management skills, answer the following questions "yes" or "no".

1. Do you pay more than you have to? Do you often buy from habit without comparing prices, thinking a few cents difference is unimportant on small items?

2. Are you an impulse buyer? Do you buy on a whim without first considering whether you actually need the item or whether it will throw the budget out of whack?

3. Do you fall for the "something for nothing" trick? People spend millions of dollars every year to get something free. Do you fail to examine the true cost of that "something" for nothing?

4. Do you spend to keep up with the Joneses? Is it important for you to have what others have whether or not it fits your own lifestyle?

5. Do you spend money to soothe your ego? If you get depressed or angry, do you go out and buy something to make you feel better or to get even with someone?

6. Is it difficult for you to resist buying on credit? Do you say to yourself, "I'll worry about paying for it next month," even though you know you can't afford it?

7. Are you a snob buyer? Do you believe the most expensive is usually the best and turn up your nose at low-priced items because you consider them cheap products?

8. Do you have a tendency to buy worthless things? Do you have a lot of gadgets or trinkets that you don't use or need?

9. Do you put off making a budget? Do you fail to face the reality of matching income with outgo?

10. Do you often waste things you buy? Do you throw out

food or other items, fail to use things you bought, or fail to take good care of your possessions to make them last longer?

To rate yourself as a money manager, give yourself 10 points for each question you marked "no". You're an excellent money manager if you have 90-100 points. You're

above average if you have 80 points, while 70 points means you need improvement. If you have 60 points or less, you need to analyze your spending habits fast. You are heading for financial trouble.

If you need help, call 467-5456 and ask for an appointment for financial consultation.

Bits 'n pieces

The early Thursday morning fire which destroyed St. Henry's Catholic Church in Edwardsville has shocked many people.

The church, a landmark for more than 70 years will be sadly missed by so many residents and visitors.

We can remember attending services at the church when we were young for many years. The walk down Nicholson Avenue from Jeff Davis was a Sunday ritual for me and my brothers.

There are some families who have attended services at St. Henry's all of their lives as well as many who have attended regularly in the summer when on vacation.

Of course the second history of the church goes with the addition in the 60's which was moved from Bayou LaCroix. So many of our native families had attended the church in that community before the test facility came.

Arson is determined as the cause of the fire. We hope the person, or persons responsible will have the opportunity to pay for the crime.

People are driving past the rubble on Longfellow Drive and cannot believe the church is no longer there.

It is our understanding a new church will be constructed, maybe not in the same area, as vandalism has been very bad in recent years.

It is hard to believe there are still persons who do not respect their fellowman's place of worship.

The quarterly edition of the Hancock County Chamber of Commerce's Morning Edition on Thursday will have a very special guest.

The guest speaker scheduled is Winston Lill, community relations manager of the Louisiana World Exposition to be held in New Orleans in 1984.

Now we know the year 1984 is far away, but, Hancock County will definitely be affected by the event to be held only 50 miles away.

We urge all persons who are able to please attend this informative meeting. It will be held at the Landmark on Main Street in Bay St. Louis starting at 7:30 a.m.

All chamber members and their guests are invited to attend this meeting, which is being provided courtesy of First Bienville Finance.

Shifts in populations cause the need of redistricting at various times in cities, counties and states.

Many folks do not like to hear the word 'redistrict,' but, it is necessary sometimes within just a few years.

The redistricting of the Hancock County Board of Supervisors Districts is a current issue.

The 1983 primary elections are getting closer everyday, and we feel some boundaries should be set way before persons interested in seeking a post need to know what area it will entail.

In viewing newspapers from other areas, Hancock is not the only county with redistricting problems, and after the next one is finalized, probably a few years later another will have to be tackled.

We hope after a through study is made, speedy efforts will be taken in getting the redistricting finalized.

It is real good to see several new Neighborhood Watches being formed in our communities.

The number of crimes are increasing and our jail is now over crowded with folks waiting for the grand jury.

The Hancock Grand Jury was in session in July and we are now told there are over 60 cases already prepared for presentation to the next one.

It has been a little over a month since the last grand jury met, to give you an idea of how many persons have been arrested for various crimes. The arrests have involved a number of persons in burglary of residences.

We are sure residents of a particular area wanting to form a Neighborhood Watch could contact their police department and they will be happy to help them organize.

This system has worked in other communities across the nation in cutting crime, and it could work very efficiently here.

Legion Pier marina opponents cite flaws in proposed beachfront ordinance

Editor
Sea Coast Echo

Sir,

Bay-Waveland Association responds to proposed ordinance concerning structures on the beaches:

On August 10, 1982, at a public meeting of the City of Bay St. Louis Planning and Zoning Commission, Mr. C.C. McDonald Jr., commission chairman, presented for consideration the attached proposed ordinance concerning structures to be allowed on beach property in the City of Bay St. Louis.

Later, on September 2, 1982, this same commission held a meeting "behind closed doors" for a "workshop" session to further formulate ideas for a beach ordinance for the City of Bay St. Louis.

The City of Bay St. Louis Planning and Zoning Commission appears to be making a sincere effort to find a "solution" to the complicated beachfront property development situation which presently exists here.

Unquestionably, Mr. McDonald has drafted his proposed ordinance, as it reads, in an attempt to "settle" several property development issues which have been with this community for quite some time.

The proposed "settlement" of these beach property development issues, however, is, in the opinion of this association, not without long-term adverse ramifications.

Section I of Mr. McDonald's proposed ordinance provides for the re-zoning of certain beachfront lots from their present designation to a "special use" designation.

These zoning changes will positively set a "precedent" for the granting of similar zoning changes to other beachfront lots for the convenience of other special interest groups in the future.

Perhaps the present city government would never grant such zoning changes, but once such precedent is set, how can anyone predict what future administrations will do?

Structures which presently exist on the lots named in Section I of the ordinance presented by Mr. McDonald are not owned by private individuals, but are owned by organizations which contribute to the economic advancement of Hancock County, and which promote a progressive image to our community.

These structures have been in their present locations for many years and are operating at present under the "grandfather" clause of the present Zoning Ordinance of the City of Bay St. Louis.

Modifications of these structures can be accomplished through the granting of "approved specific variances" from the existing Zoning Ordinance without the long-term adverse effect of re-zoning the lots in question.

A public marina and harbor, which will serve the needs of all the citizens of Hancock County, is a facility which is required.

Monumental efforts have been made up to now to establish this facility at the head of Washington Street.

However, certain problems which apparently exist with that location prompt the suggestion for re-locating the public facility to the beaches of the Central Business District of Bay St. Louis.

A public marina at this location will not only help the downtown businesses, but would also be a first step toward an "Historical Preservation-Renewal Development" of the "old downtown area" of Bay St. Louis.

Geographically and historically, visitors to and citizens of the City of Bay St. Louis have been blessed with a most precious and beautiful resource—the open beaches.

The relaxing, residential character of our community, which exists in good part because the beach areas have remained free of haphazard commercial

development, is an asset which makes Bay St. Louis "different" from most coastal cities.

If this atmosphere can be maintained, as the city develops over the coming years, the long-term result would be a very attractive community which would serve to the economic advantage of all Hancock County residents.

The Bay-Waveland Beachfront Improvement Association is in favor of maintaining the beaches located within the city limits and outside of the Central Business District from Water Lot 437, Second Ward, to the South Line of Water Lot 175, Fourth Ward, open and uncluttered by the presence of new structures of any sort whatsoever, with the possible exception of "gazebo structures" as described in the proposed ordinance.

Only if all the beaches remain open and uncluttered in their natural state will this natural resource be preserved for this and future generations.

Ballard L. Argus,
President

Bay-Waveland Beachfront
Improvement Association

The erection of any structure on the beachfront in the City of Bay St. Louis from the South Line of Water Lot 175, Second Ward, South to the corporate limits and North from the North Line of Water Lot 437, First Ward, North to the corporate limits, is hereby declared to be a nuisance and is hereby declared to be unlawful; excepting therefrom the following:

—Lots 199, 200, 207, and 210, Second Ward (Pete Fountain Property), which are presently zoned commercial, and shall be designated CS-1, and may contain tennis courts, swimming pools, cabanas, restrooms, dressing rooms, and other supporting structures, not to exceed one story and a half in height; 10' max. cell height.

—Lots 151, 157, 157 1/2 and 158, First Ward (Yacht Club Property), shall be designated S-1 and may have structures or additions, swimming pools, tennis courts, cabanas, restrooms and dressing rooms subject to approval by the Planning and Zoning Board and the City Council.

—And the Central Business District, designated C-1, which extends from the North line of lot _____ to the South line of lot _____ and is presently zoned commercial (Northside of Colley Property to Southside of Merchants Insurance Property), may have structures and additions and other improvements covered under a C-1 designation.

All other beachfront properties not specifically designated shall be classified as B-1, and many contain a gazebo, not to exceed 14 ft. x 14 ft. floor area, one story high, and walled in no higher than 36" above floor level, and to have open or screened walls; plans and specs for said gazebo shall be submitted to City Building Inspector and City Planning and Zoning Board for approval before construction is begun.

Sole purpose of said approval is to assure that the gazebo is structurally sound in keeping with the prevailing architecture in that neighborhood; and posts, not to exceed 30" in height or 5' in diameter may be located near the outer most edge of Beach Boulevard. Sideline fences on beachfront proper-

ties, are specifically prohibited except in the C-1 and S-1 areas and shall require a City Building permit in those areas where permitted, prior to construction. All other structures shall be prohibited in the B-1 area.

SECTION II

The term "structure" shall be anything constructed or erected, the use of which requires more or less permanent location on the ground or which is attached to something having more or less permanent location on the ground, and shall include any building, cabana, out building, shed, or construction of any kind other than a wharf or pier, which does not interfere with the free ebb and flow of the tide.

SECTION III

The term "beachfront" as used herein shall mean that portion of the land from the outermost limits of the paved portion of Beach Boulevard and the water's edge.

SECTION IV

Nothing in this ordinance is to be interpreted as re-zoning any property and the lots so excepted from this ordinance are to be governed by their respective zoning and any special stipulations herein set forth. The use and construction of any "structure" on said property shall be subject to the Zoning Ordinance of the City of Bay St. Louis.

SECTION V

Violation of the provisions of this section shall constitute a misdemeanor. Any person who violates this section

Safety rules set for safe boating

Boating is increasing as a family summer pastime all across the nation, and the boom in boating has greatly increased the potential hazard for drownings.

With boat traffic getting heavier each summer on the lakes and streams and shorelines, boat operators must understand and practice safe boating practices.

The American Medical Association reminds that boating equipment should be checked before leaving shore. Essential safety equipment for a boat includes an anchor, a fire extinguisher, oars, a horn, running lights, a signal mirror and a first aid kit.

A life preserver or flotation cushion should be provided for each person aboard. Nonswimmers should wear life jackets at all times afloat. Some states have laws requiring such equipment before boats can be licensed for hire.

Most boating accidents involve faulty operation, negligence, or ignorance. The skipper should know his or her boat, keep his mind on business, and operate the boat according to nautical rules. And by all means stay ashore in threatening weather.

NSTL to announce fund raising goal

The National Space Technology Laboratories will kick off its annual Combined Agencies Campaign Wednesday at 12:30 p.m. in the Visitors Center auditorium.

NSTL employees annually contribute approximately \$100,000 to the drive and this year's goal will be announced at the kickoff ceremony.

New Orleans spokesman Ed

Marten will serve as master of ceremonies for the event.

Guest speaker will be Retired Rear Adm. O.D. Waters, a former oceanographer of the Navy. Musical entertainment will be provided by the Long

Beach High School band and concert choir.

The Combined Agencies Campaign is actually two campaigns in one—the Combined Federal Campaign to which NSTL's civil service personnel contribute and the United Way industrial campaign for contractor employees.

All funds are distributed to the United Way organizations in the Mississippi counties of Hancock, Harrison, Pearl River and Jackson, and in the Greater New Orleans area, including St. Tammany Parish

in Louisiana.

Funds are also distributed to the National Health Agencies and International Service Agencies.

The NSTL drive will officially begin Sept. 20 and conclude Oct. 31.

Jerry Hlass, NSTL manager, is this year's overall Combined Agencies Campaign chairman.

Assisting Hlass are Mark Payne, drive chairman; Bob Gorham, United Way industrial campaign vice chairman; Elva Smith, publicity chairperson; and Bill Fuller, special advisor.

TEACHERS.....CONTINUED FROM PAGE 1A

sick leave policy is discussed and finalized.

Other questions raised by Shaw included how many days a teacher would be docked in cases of maternity leave.

Also the teachers complained about a fund which pays substitute teachers \$20 a day.

They claimed the fund was used to pay teachers who oversee in-school suspension classes and also teach classes in cases in which no teacher has been hired to fill a full time position.

In that case, substitute teachers have sometimes been paid for two months before a regular teacher was hired by the board, McNatt said.

The teachers claimed all the cost was assessed against the substitute teacher's fund and did not present a true picture of the number of days which teachers were actually sick and required a replacement.

The board agreed it would attempt to break down the amount of money actual spent to hire substitute teachers in cases where a full time teacher was ab-

sent due to sickness or personal leave.

In other business at the Friday meeting, the board agreed that out-of-district students who attend school in the Hancock County School District should be assessed \$200 annually.

The board also agreed to check all records of out-of-district students to determine if those students have obtained releases from other school districts.

Also Tuesday, the board:

—Agreed to have land in the northern part of the county appraised before a lease price is established. Mississippi Power Company wants to lease the land for a right-of-way to construct a 500,000 volt power line.

—Agreed to advertise for a rebuilt Ford engine needed for a school bus;

—Extended an invitation to the Hancock County Arson squad to inspect the schools in the district at any time to determine if they conform to safety standards;

—Entered executive session to discuss school personnel.

Tigers sink Pirates 32-7

The Bay High School Tiger varsity football team roared over their Pass Christian opponents Friday night 32-7 with Tiger running back Harold Gillum scoring three of Bay High's five touchdowns.

fourth touchdown some three minutes later.

"The offensive line did a tremendous job. For three inexperienced players up front they have really come on," he said.

"I was a little disappointed in the defensive effort but they were dominated at the line of scrimmage," he said.

Lumpkin noted the Pirates are in the process of rebuilding after losing 19 seniors from last year's club.

"We've got some good kids and I think they'll be coming along with some more play," Smith commented.

Smith commended his entire team and also commented on the large Bay High crowd that was on hand for the game.

"I want to applaud the crowd for coming out and supporting us. I hope they can make the same effort when we travel next week to Pearl River Central," he said.

"I think the crowd played a major part in us winning Friday."

The Pass will be at home next weekend facing some tough competition from d'Iberville.

Rocks slide to Blue Devils

By RANDY PONDER

"There's only one place for us to go and that's up," coach Vernon Powell stated following St. Stanislaus' second straight loss, this time to Pearl River Central, 27-0, Friday night in Bay St. Louis.

The Blue Devils scored all the points they needed in the second quarter on a 5 yard run by Johathan Robertson to cap an eleven play 54 yard drive and give them a 7-0 advantage which they took into the locker room at halftime.

Pearl River Central opened the second half with an 85 yard kickoff return to add to their lead.

On the Blue Devils next possession they went 57 yards for another touchdown to put the game out of reach.

St. Stanislaus moved to the Pearl 24 late in the third quarter following a 45 yard series of penalties which resulted in the Blue Devils coach being ejected from the

game. The drive was thwarted by a pass interception on the Pearl 14.

From that point Pearl River Central mounted their final drive which covered 86 yards on 17 plays and consumed 8 minutes and 11 seconds from the clock.

With time running out, the Rocks started their most impressive march of the night and moved all the way to the Pearl 20 before a fumble on an attempted reverse stopped the threat.

"We've got to get our offense to control the ball more, we can't leave the defense on the field all the time," coach Powell explained.

"They have a good football team, they really took it to us tonight," Powell stated.

"We played good the first half but they were able to make adjustments at halftime. Their experience showed," Powell added.

St. Stanislaus is now 0-2 for

the season and will travel to Alabama Friday night to face Mobile County in a non-conference match up.

"We'll be playing a team

more our own size and we may have some surprises in

store for them," the Rock-A-Chaw coach promised.

Aggie aerals, solid line bring down visiting Hawks

By EDGAR PEREZ

The combination of a solid defense which effectively contained the Hancock North Central ground game and the deadly accurate passing of QB Ricky Collier gave the Forrest County Aggies a decisive 24-3 win over the Hawks Friday night in Brooklyn.

Hawk Halfback Lydell Curry, who exploded for more than 300 yards rushing in the HNC opener against St. Stanislaus the previous week, was limited to a paltry 120 yards.

That total gave him the rushing title for the evening, however.

The Brooklyn sod-busters only turned up some 79 yards of dirt all night.

The other Hawk ball carriers accumulated a meagre 16 yards among them, with lame Hawk Mark Santalla picking up a slender 32 aerial yards on five completions in 14 attempts.

Bobby Beech, who was forced out of the game in the third quarter with a twisted knee, was the only Hawk to hit the scoreboard.

Beech posted HNC's lone

three-point tally near the end of the first quarter with a clean kick through the uprights from 34 yards out after the Hawks' first drive deep into Aggieworld bogged down at the 24.

The Aggies took the Hawk kickoff from their own 5 to the 34, and the Hawk defense stopped Aggie Fullback Marshall Myers' first down rush on the 35.

Enter Collier, who remained center stage throughout the evening's production.

The talented Aggie aerialist found Tailback Robert McIntyre open downfield, connecting for a 65-yard touchdown.

The extra point kick was good, putting Forrest out front with less than 10 seconds remaining in the first period.

Curry led the Hawks onto Aggie turf early in the second period, but the momentum died as a result of a costly fumble.

Seven downs later the Aggies were forced to punt, but the following series by the Hawks also ended in a punt situation.

Fine defensive efforts by Cedric Goff and Gary Fricke

helped stall a ten-play Aggie drive to the Hawk eight.

With time in the first half running out, Kevin Sellers booted a three-pointer for the home team from the visitors' 15-yard line.

The Hawks, trailing 10-3 at the opening of the third quarter, lost possession on the first play from scrimmage via an Aggie interception.

Dennis Lacoste, demonstrating turnabout is fair play, broke up the first Aggie third-quarter drive when he intercepted a Collier attempt in Hawk territory.

The resulting early fourth quarter drive by the Hawks fizzled when a Santalla to Lacoste attempt failed on fourth down.

Eight plays later the Aggies, with Collier completions paying the way, added another six points when Bryan Benton ran 28 yards into the Hawk endzone with eight minutes left in the game.

A Kevin Sellers kick was good, putting FCAHS virtually out of reach with a 17-3 lead.

With less than six minutes left, the Hawks fumbled deep, and the Aggies iced the en-

counter in one play when McIntyre plunged over from the two.

The Hawks retained the ball through the remainder of the football game, but were contained in their own territory by that relentless Aggie defense.

"I believe that was some of the best throwing we'll see all year," said Hawk mentor Irvin Favre of the evening's work by Collier.

Although Favre said he felt Santalla threw the ball well in the fourth quarter, he explained the senior Hawk quarterback has been suffering with a muscle strain above the elbow of his throwing arm for more than two weeks.

"It's hurting him and he's not throwing the ball anywhere near as well as he was last year," Favre lamented.

The coach said it will be a matter of time before Santalla's passing returns to par.

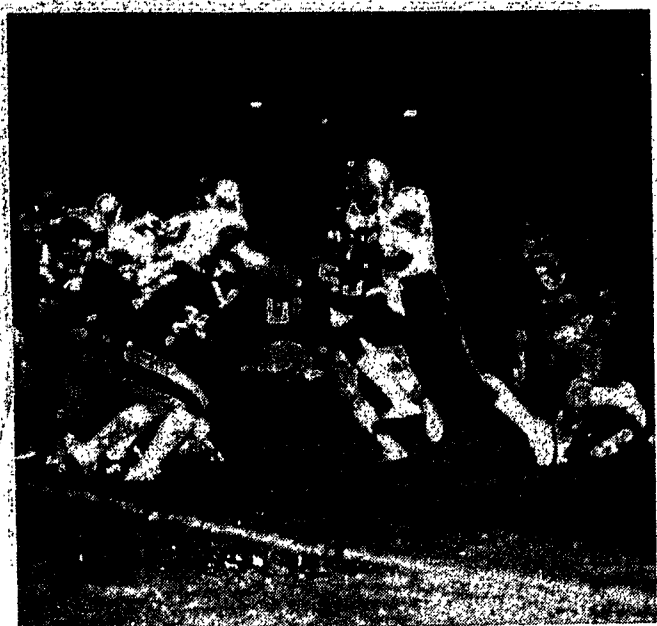

Favre said Saturday he believes Beech will see action Friday against Stone County in the Hawks' first home game of the season.

Also on the injured list is Mike Bilbo who is battling a persistent ankle problem. "We're coming back home Friday to redeem ourselves and stay alive in this Deep South Conference race," Favre added concerning the upcoming contest with Stone. Stone lost its season opener, a conference fray, to Bay High, and was edged Friday by George County in the closing seconds, 20-13.

"Stone will be hungry for a

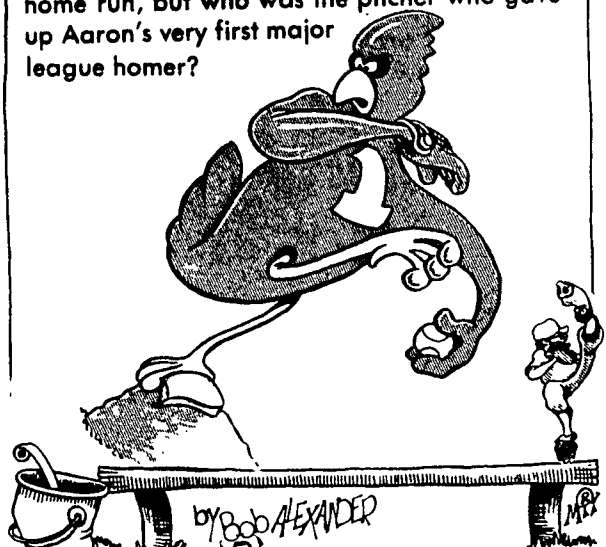

win and they are a tough ball club—they were an early favorite in the conference this year and we'll have to play football all night to beat them," the Hawk coach feels. Kickoff will be at 7:30 p.m. at the Hawk Stadium, and following a light turnout of Hawk followers Friday in the distant Brooklyn, the HNC gridders are hoping for the added boost of moral support from a big home crowd this week.

FLEETWOOD MAC

One of the group's members once commented, "Fleetwood Mac isn't a band; it's an attitude."

After seeing them top off the three-day US Festival held in San Bernardino, Calif. over the Labor Day weekend, I'd have to agree.

Since the nucleus of Fleetwood Mac—Mick Fleetwood, John McVie and Christine McVie—joined forces with the dynamic southern California duo—Lindsey Buckingham and Stevie Nicks—their sound has improved and matured.

Before Buckingham/Nicks joined the group, Fleetwood Mac was a small but respected rock-and-roll band that had trouble retaining its members. Despite losing many of its big-name guitarists, Fleetwood Mac continued to push forward.

In 1975, following a critically-acclaimed album by Buckingham/Nicks, Fleetwood asked the two if they'd like to join the band. Somewhat hesitantly they agreed. And what followed is history.

Shortly after the band formed, they churned out "Fleetwood Mac," a popular album containing monster hits like

"Rhiannon" and "Say That You Love Me." Two years later, amidst the separation of Buckingham and Nicks, and the divorce of the McVies, the group produced the phenomenal "Rumors" album.

In 1980, thanks largely to the diligent work of Lindsey Buckingham, the band produced the epic record "Tusk," which "Rolling Stone" described as "a record by a band that seems to be suffering from jet lag and too much champagne."

"Tusk" was a masterful album in many ways, combining the talents of everyone in the band to form a montage of mature upbeat music. It offered the sweet ballads that Nicks sings so well, the quirky, stinging guitar melodies that Buckingham seems to favor and the soaring lyrics of McVie.

Lost in the background, are John McVie and Mick Fleetwood's pounding percussion and bass.

These two never seem to venture out into the spotlight. Fleetwood methodically rapping out a controlled drum beat while McVie chainsmokes and thumps away at the bass.

This year, following solo albums by Buckingham,

Nicks and Fleetwood, the band released "Mirage," which went immediately to the number one spot on the album charts. Their single "Hold Me" has remained in the top ten for the past month. "Mirage" is a good album, following more closely the "Rumors" pattern rather than the "Tusk" format.

Fleetwood Mac in concert is a spectacle. It takes a few minutes and a few songs for this super group to get going, but once they do...look out! They usually play for about three hours and generally leave you exhausted and bewildered from the show.

It is a powerful three hours! Almost without exception, they close the concert with McVie's beautiful "Songbird" from the "Rumors" album.

Fleetwood Mac is currently engaged in a 23-city tour of the United States. If, by chance, they should come to a city within 100 miles of here, go see them. They are the most mature rock-and-roll band working these days and best of all, when you leave one of their concerts you feel better than you did when you went in.

I suppose that keeps within the concept of Fleetwood Mac being an attitude, and not just a band.

Minacapelli's to open British farce Sept. 17

See How They Run, British farce by Philip King, will be opening at Minacapelli's Dinner Theatre in Slidell on Friday, Sept. 17 for a seven-week run through Oct. 30.

Performances are on Thursday, Friday, and Saturday nights, and a Sunday matinee.

The show stars Stephen DuMouchel and Susan Hohan. DuMouchel recently appeared in Tulane Center Stage's production of "Bedroom Farce."

He hails from Florida where he has credits include Don Quixote in "Man of La Mancha," Woody in "Finian's Rainbow," Dysart in "Equus," and Bill Starbuck in "The Rainmaker."

Hohan joins Minacapelli's for the first time, but New Orleans audiences remember her as Hilary in Le Petit's production of "Tribute." Hohan has appeared in such diverse fare as "Tom Sawyer," "The King and I," "Cat on a Hot Roof," and "A Man for All Seasons" prior to moving to the Crescent City.

The cast also features Kat Stevenson, Peggy Underhill, Ed Chaddick, Stephen B. Cefalu, Kevin Driscoll, John Straub, and Ken Ferguson.

Stevenson most recently appeared in Minacapelli's production of "Natalie Needs a Nightie." She has done extensive work with the Trans Act Theatre in Austin, Texas and with The Magic Mirror Players in Paos, New Mexico.

Underhill will be remembered by local audiences from her performance in Minacapelli's production of "No Sex Please, We're British."

Chadwick just completed roles in "Another Part of the Forest" and "Arsenic and Old Lace" for Tulane Center Stage.

He has acted at Le Petit, Gallery Circle Theatre and has also appeared in "Bent" and "Entertaining Mr. Sloane" at the Pitt Theatre.

Cefalu returns to Minacapelli in another British farce, having last performed here in "Move Over, Mrs. Markham." He has appeared in Theatre West's productions of "Plaza Suite," "Wait Until Dark," and "The Curious Savage."

Driscoll was in Minacapelli's smash musical production of "Guys and Dolls." He has also acted at the University of New Orleans in their production of "The Pirates of Penzance."

John Straub returns to Minacapelli's for his second production, having performed in the recent comedy "Natalie Needs a Nightie."

Ken Ferguson joins Minacapelli's for the first time in the production.

Elliott Keener directs this fast paced comedy about a vicar and his wife besieged by an unpleasant matron, a bishop uncle, a mad Russian, a police sergeant and a coun-

try maid.

The entire thing roars to a zany ending with lots of chases, screams, and bodies in the closet.

Reservations are required and can be made by calling 504-888-7000 in New Orleans, and 504-643-9671 in Slidell.

ETV Brief

NATIONAL PARKS

The National Geographic Special, "National Parks: Playground or Paradise," investigates the dilemma of preservation of park lands in a rebroadcast at 8 p.m., Tuesday, Sept. 7, on the Mississippi ETV Network.

The issues of park management and usage are hotly debated between Roderick Nash, professor of history and environmental studies at the University of California at Santa Barbara, and Eric Julber, an attorney and author of "Wilderness and the American Mind." Julber contends that taxpayers are entitled to maximum use of the parks.

Cooking up a storm

By Kath M. Guire Caire

Saffron, so beloved of Spanish cooks, is rather an expensive spice, but you need such a little bit of it to achieve that rich aroma and yellow gold color, that it's fun to use in special dishes.

But stay that heavy seasoning hand a small pinch, a really small pinch, of saffron does wonders for this chicken fish, but a heavy hand with the saffron will result in a rather medicinal taste. So, start out with the merest suggestion of saffron, and add more to your particular taste as necessary.

(And, if for budgetary or other reasons, you shy away from saffron, you can achieve at least the color by substituting yellow food coloring.)

This is a delightful way to use up leftover chicken or

turkey or pork or shrimp or ham. Here's

SAFFRON CHICKEN PILAF

2 cups or so diced cooked chicken (or other, see above)
2 cups raw rice
2 tablespoons oil or chicken fat

1 large onion, chopped
3 tablespoons butter
4 cups broth or bouillon
Pinch of saffron
4 tablespoons chopped parsley

Small garlic clove, chopped or crushed
Pepper
Salt, optional

Saute the onion in the oil or fat. Add the raw rice and stir over medium heat, until the rice toasts to a light brown.

Meanwhile, heat the broth or bouillon to boiling, pour it over the rice, add pepper, a

tiny pinch of saffron, and the crushed garlic. Cover and cook over low heat for 15 minutes or so.

Add the diced chicken, stirring lightly, cover again and cook about ten minutes more. Mix the parsley and butter, fluffing the rice gently. Pile nicely on a shallow platter or tray, and surround, if you wish, with broiled tomato slices or avocado slices, or both. (Four to six servings).

At other times, you may wish to saute a cut up fryer before adding the pieces to the rice mixture, instead of using the diced chicken. But, as you can see from the recipe, this dish makes a lesser amount of chicken or what-have-you go a lot farther...secret of all budget-wise gourmets!

Groomsmen were David Williams, brother-in-law of

the groom; John Ulrich, cousin of the groom; Wayne Marie and Joey Garriga.

Knight's notes

By PETER SCIANNA
First meeting for the month of September will be Monday night, beginning at 7:30 p.m. This meeting was postponed due to the Labor Day Holiday and will include discussions on upcoming council activities for the year.

One Council officer who will not be at this week's meeting will be our Inside Guard Tony Scavo, who is recovering from surgery in the hospital.

We will miss Tony tomorrow night and send him the Council wishes for a speedy and healthy recovery.

If you know of any Knights who may be ill, in the hospital, or who may have a family member in a similar situation, we ask that you share with your brother Knights your prayers for their recovery.

Things will be really moving at the Council Hall on Monday and Wednesday nights between 6:45 and 7:45 p.m. when Marcia Engelman holds her aerobic dance exercise class.

Her first six week session began this past Wednesday night. Ms. Engelman informs us that her classes are limited in size and applicants are accepted on a first come, first

serve basis. For more information on these classes, please call Ms. Engelman at 255-3390.

We ask you to join us in welcoming into the Fourth Degree the following Sir Knights: Leslie Blaize, Lucien Gelis, and Kelvin Schultz. These gentlemen were conveyed this high honor at the recent Fourth Degree Exemplification in Pascagoula on August 29th.

We express our heartfelt congratulations to two other Pere Le Duc Knights inducted into the Fourth Degree that day.

Alvin Kingston Sr. and Alvin Kingston Jr. were inducted in the Fourth Degree that day also.

Grand Knight Bob Hubbard states, "We are proud of all the men inducted that day, but we boast that this father and son shared this unique experience together. It will be a wonderful thing for all of these men to remember."

We hope to see you at the meeting tomorrow night. Come and help us shape the Pere Le Duc Council into the strong Christian leader that it has always proven to be.

FOURTH DEGREE KNIGHTS—Members of the Bay St. Louis Pere Le Duc Council No. 1522, Knights of Columbus receiving Fourth Degree honors at a recent Exemplification Ceremony in Pascagoula are, from left, Al Kingston Sr., Al Kingston Jr., Leslie Blaize, Kelvin Schultz, and Lucien Gelis. THE ABUNDANT LIFE

"I am come that they might have life and that they might have it more abundantly" John 10:10

By Sharon Murphy

I've wondered at times, what kind of man this Judas was; what he looked like, how he acted, who his friends were.

I guess I've stereotyped him. I've always pictured him as a wiry, beady-eyed, sly, wormy fellow; pointed beard and all. I've pictured him as estranged by the other apostles. Friendless. Distant. Undoubtedly he was a dishonest person. Probably the result of a broken home. A juvenile delinquent in his youth.

Yet, I wonder if that is so true. We have no evidence, (save Judas' silence), that would suggest that he was isolated. There is little reason to believe that Judas was dishonest at first.

Judas was over the treasury. One wouldn't put a distrustful soul over the money. At the last supper when Jesus said that his betrayer sat at the table, we don't find the apostles immediately turning to Judas as the logical traitor.

No, I think we've got Judas pegged wrong. Perhaps he was just the opposite. Instead of sly and wiry, perhaps he was robust and jovial! Rather than quiet and introverted, he could have been outgoing and well-meaning! I don't know.

But, for all the things I don't know about Judas, there is one thing I know for sure; he did not know the Master. He had seen Jesus, but he did not know him. He had heard Jesus, but he did not understand him. He had a religion but no relationship.

As Satan worked his way around the table in the upper room he needed a special kind of man to betray our Lord. He needed a man who has "seen" Jesus, but that did not "know" him. He needed a man who knew the actions of Jesus, but had missed out on the mission of Jesus. Judas was this man!

He knew the empire; but never knew the man, Jesus. We learn this timely lesson from the betrayer. Satan's best tools of destruction are not from without the church; they are from within the church.

A church will never die from immorality in Hollywood or corruption in Washington. But it will die from within - from those who bear the name of Jesus, but have never met him!

Judas may have worn the cloak of religion, but he never knew the heart of Christ! One of the secrets to victorious, "abundant living" is a daily, personal, intimate relationship with Jesus Christ.

UNO resident actors to open 82-83 season

Peter Shaffer's hilarious farce, "Black Comedy," will be the first production in the University of New Orleans' 1982-83 "Studio Season" at 8 p.m. Friday and Saturday, Sept. 17 and 18, in the UNO Performing Arts Center Theatre South. The production was originally scheduled for September 15-16.

A production of the UNO Resident Acting Company, the play is being directed by Michael Putiak, with set design by Judy Nelson and costume design by David Kemp.

The play is set in the London apartment of a young sculptor, Brinsley Miller, who along with his fiancée Carol are preparing to entertain her father and millionaire art collector.

To lend a sense of elegance to the occasion, Brinsley and Carol secretly "borrow" some valuable antiques from a neighbor.

Pandemonium breaks loose when a main fuse blows and the lights go out. Unexpected visitors arrive, the neighbor returns and Brinsley finds himself in one compromising position after another.

Charles Krebs plays the role of Brinsley Miller with Kay Kitchin as Carol. Others in the cast are Terry Whitney, Todd Tjaden, Frank Dominguez, Elizabeth Christopher, Jonathan Scott and Richard Douvillier.

The UNO Box Office will be open from 10 a.m. to 3 p.m. weekdays, beginning Monday, and one hour before each performance. For information call 286-6805.
